Paperwork Reduction Act Notice

We ask for the information to carry out the Internal Revenue laws of the United States. We need it to ensure that you are complying with these laws. You are required to give us this information.

Caution: Section 25 provides that states and political subdivisions (issuers) may not elect to exchange authority to issue qualified mortgage bonds for authority to issue mortgage credit certificates (MCCs) after 1987. However, a pending technical correction to the Tax Reform Act of 1986 would extend the election to issue MCCs through calendar year 1988. Form 8330 must still be filed by issuers of MCCs to report on issues from their pre-1988 election.

General Instructions

(Section references are to the Internal Revenue Code unless otherwise noted.) Section 25 permitted issuers that have authority to issue qualified mortgage bonds (as defined in section 143) to elect to issue MCCs in lieu of qualified mortgage bonds.

Purpose of Form

Form 8330 is to be used by issuers of MCCs to provide the IRS with information required by section 25.

Who Must File

Each issuer that elected to issue MCCs must file Form 8330 for each issue of MCCs.

When To File

File Form 8330 on a quarterly basis beginning with the quarter in which the election was made. The return is due on the following dates:

For the quarter ending:				Form 8330 is due by:
March 31st .				April 30th
June 30th .				July 31st
September 30th				
December 31st				January 31st

The Commissioner may grant an extension of time to file Form 8330 if reasonable cause exists for failure to timely file.

Where To File

File Form 8330 with the Internal Revenue Service Center, Philadelphia, PA 19255.

Penalty.—Any person who is required to file Form 8330 and fails to timely file that return or fails to include all the MCCs issued on a timely filed return is subject to a penalty. The penalty is \$200 for each MCC required to be reported on Form 8330, not to exceed \$2,000.

Definitions

A mortgage credit certificate is a certificate issued under a "qualified mortgage credit certificate program" by the state or political subdivision having the authority to issue qualified mortgage bonds to provide financing for the acquisition, qualified rehabilitation, or qualified home improvement of a taxpayer's principal residence. For more information, see section 25(c)(1).

A qualified mortgage credit certificate program is any program established for any calendar year by a state or political subdivision that is authorized to issue qualified mortgage bonds under section 143 but elected to issue mortgage credit certificates. See section 25(c)(2)(A) for additional requirements and section 25(c)(2)(B) for modifications to those requirements.

The **certified indebtedness amount** is the amount of indebtedness that is specified in the MCC and incurred by a taxpayer to acquire:

- (a) His principal residence,
- (b) A qualified home improvement loan, or
- (c) A qualified rehabilitation loan.

The **certificate credit rate** is the rate specified by the issuer on the mortgage credit certificate. However, the rate cannot be less than 10% nor more than 50%.

The **nonissued bond amount** is the amount of qualified mortgage bonds (as defined in section 143(a)(1), and the related regulations) that the issuer has authority to issue but elected instead to convert into authority to issue MCCs.

Specific Instructions Part I.—Reporting Authority

Election date.—Enter the date the issuer elected not to issue qualified mortgage bonds with respect to the MCC program. For more information, see regulations section 1.25-4T(c).

Nonissued bond amount.—Enter the total amount of qualified mortgage bonds converted into authority to issue MCCs. The amount of qualified mortgage bonds that an issuer elected not to issue may not exceed the issuer's applicable limit (as determined under section 146(d) and regulations section 1.25-4T(c)(5)).

Part II.—Computation of the Total Amount of Mortgage Credit Certificates

If additional space is needed, attach a separate sheet and include the total amount of the MCCs on line 7.

Column (a).—Enter the certified indebtedness amount for each MCC issued under a qualified MCC program.

Column (b).—Enter the certificate credit rate associated with each MCC entered in column (a).

Column (c).—Multiply the amounts in column (a) by the amounts in column (b) and enter the result in column (c).

Part III.—Revocation of Qualified Mortgage Credit Certificates

Identify each holder of a qualified MCC that was revoked during the calendar quarter. For more information, see regulations section 1.25-3T(m).

Signature

Form 8330 must be signed by an authorized representative of the issuer.

If the return was prepared by an individual, firm, or corporation who was paid for preparing it, please complete the paid preparer's space. For a firm or corporation, sign in the firm's or corporation's name. Leave the paid preparer's space blank if the return was prepared by a regular employee of the issuer.
